[Despatch Abstract.]

Tuberculosis - South Kanara Dist. —

Opening of A.T.B. Sanatorium —

Sanctioned

Ref:No.39299-6 PW Office of the Surgeon-G with the Government of Madras, Madras 6, Dated 13-10-1948.

From
Colonel S.L.Bhatia.CIE,MC.MA.MD(CANTAB) FRCP(LOND) FRS(E).,
Surgeon-General with the Government of Madras.

To
The Joint Secretary to Government.,
Education and Public Health Department, Madras.

Sir,

Sub: Tuberculosis-Establishment of a Tuberculosis Sanatorium in South Kanara District-Proposals Submitted.

6045

The question of establishing a Tuberculosis Sanatorium in the South Kanara District has been under the consideration of the District Committee of the Madras Provincial Welfare Fund for some time in view of the large number of patients belonging to the district who suffer from this disease and for whom the existing accomodation in the District Headquarters Hospital, Mangalore is very meagre.

2.The site selected for the purpose is situated at Mudishetti about 6 miles from Mangalore Town and it is on the top of a Hill covering over an area of 600 acres. The whole of this area belongs to Government and it can therefore,be easily made available for the establishment of a Tuberculosis Sanatorium. The Superintendent, Government Tuberculosis Hospital, Madras who inspected this site (amongst others) has expressed the view that the place is suitable for a Sanatorium in all respects. It is within easy reach of Mangalore town and the latter is well served with such communications as are possible under present conditions. Three other sites in the vicinity of Mangalore Town were also inspected, but it is reported that site at Mudishetti is the best suited for the proposed Sanatorium.

3. A Statement showing the recurring and non-recurri expenditure involved in the proposal to establish a Tuberculosis Sanatorium with 50 bed (to start with) is enclosed for the information of Government. It will be observed from this statement that the capital cost of the scheme is Rs.6,75,000 while the expenditure on maintenance is Rs.68,800 per annum. The intention of the District Committee of the Provincial Welfare Fund is that half the capital cost of the proposed sanatorium as well as the annual recurring expenditure should be met by the Government, the other half of the non-recurring cost alone being met by the District Committee of the Provincial Welfare Fund. The Sanatorium will be constructed by the District Committee and handed over to Government for being run under their management.

4.There is a sum of Rs.90,000/- available with the District Committee of the Madras Provincial Welfare Fund ear-marked for this purpose and they have written offers for about Rs.80,000. The Committee is hopeful of obtaining the balance required to meet its share of half the capital cost of the proposed Sanatorium as there is great enthusiasm in the District to give effect to the proposal at an early date. The District Committee has expressed its inability pto

by to meet the entire capital cost of the Scheme it is not possible to raise such a large amount. Local opinion is rather strong on the issue that in a venture of this kind it would not be fair to call upon the local population to raise more than half the amount of capital expenditure.

5. A copy of letter dated 28-9-1948 received from the Secretary to the Madras Provincial Welfare Fund and a copy of the resolutions passed by the AdHoc Sub Committee of the District Branch at its meeting held on the 27th September 1948 are also enclosed for the information of Government.

6. I would recommend that the scheme may be generally approved by Government on condition that half the estimated capital cost is met by the District Committee of the Provincial Welfare Fund the other half of the non-recurring expenditure being met from Government Funds. The Sanatorium when completed may be taken over by Government and run as a Government institution.

Yours faithfully,

13/10

Surgeon-General with the Government of Madras.

RS/13.10

RECURRING EXPENDITURE FOR A TUBERCULOSIS CENTRE OF 50 Beds.

Copy of letter of the Secretary the Madras Provincial Welfare Fund, South Kanara Branch, Dated 28-9-1948.

I am in receipt of your letter Roc.No.1588/-48 of the 27th instant and, in reply, beg to enclose a copy of the resolutions passed at a meeting of the Ad Hoc Sub-Committee of the Welfare Fund.

The Committee is of opinion that if the work of constructing the proposed Tuberculosis Hospital is entrusted to the local branch of the Madras Provincial Welfare Fund full advantage can be taken of the enthusiasm now prevailing to obtain donations in cash and in kind from all sections of the people of the District. Members of the District Committee can also be expected to take a livelier interest in the scheme than if their activities were restricted merely to the collecting of funds.

Proceedings of the meeting of the Ad Hoc Sub- Committee held on 27-9-1948 at 5 PM at the Collectors Office.

Present
Dr.U.P.Mallaya,
Mr.K.R.Karanth
Dr.P.A.Mathew
Dr.H.V.Adappa
Mr.D.Mohan Rao
Mr.C.G.Carlson.

Read letter from the Surgeon-General, Madras forwarding Dr.K.Vasudeva Rao's report stating that the site at Moodsheddie is the most suitable one for the Tuberculosis Hospital and estimating the cost of a fifty bed hospital, at Rs.6,75,200/- .

Resolved that the South Kanara Branch of the Madras Provincial Welfare Fund do agree to meet half the estimated cost of the fifty bed Tuberculosis Hospital to be erected at Moodsheddie, the other half being met by the Provincial Government, as well as the annual recurring expenditure.

Resolved also that in order to draw the maximum benefit from local enthusiasm for the scheme the Committee of the Welfare Fund suggests that it be permitted to undertake the work of construction, subject to such supervision in regard to designs, plans, estimates, etc., as the Government may consider necessary.

Memo. no. 76045 Gr/48-2 P.H dt 3/12/48

Tuberculosis – Establishment of a T.B. Sanatorium in S. Kanara District — Part II Scheme for 1949-50.

From the S.G., No. 39299-6 P.W. dated 13.10.48.

It has been suggested that the capital cost of the Scheme proposed by the S.G. for the establishment of a T.B. Sanatorium in South Kanara District may be restricted to the amount of Rs. 3,37,600/- which will be met from the Provincial Welfare Fund. The number of beds under the scheme will be 25. The recurring cost of the restricted Scheme will then be Rs. 34,400 p. annum. The S.G. is requested to submit

Some at ans pp 1-4 of 3/12/48

p4 of

revised ~~estimates of~~ Statement of expenditure, restricting the cost to Rs. 3,37,600 non-recurring and Rs. 34,400 p.a. recurring. In the statement figures for "pay of establishment", and for "Allowances and honoraria" may be shown separately.

As the scheme has to be considered as a Part II Scheme for 1949-50 the SG is requested to send his reply before 10/12/48.

Explanatory Note

At the instance of the South Kanara Dist. Committee of the Madras Provincial Welfare Fund.

The Surgeon General has submitted proposals for the establishment of a T.B. Sanatorium in the South Kanara District. He says that there is a large number of T.B. patients in the District and that the existing accommodation in the Govt. Headquarters Hospital, Mangalore, is meagre. He recommends that the Sanatorium may be established at Mudishetti on the top of a hill covering an area of 600 acres belonging to the Govt., and suggests that the Sanatorium may be opened with 50 beds to start with. The estimated cost of this Scheme of 50 beds is Rs. 6,75,200 non-recurring and Rs. 68,800 p.a recurring. He has also reported that the Dr. Committee of the Madras Provincial Welfare fund agreed to meet half of the non-recurring expenditure on the Scheme, viz Rs. 3,37,600/-, and that the Govt. will have to meet the other half of the non-recurring expenditure (Rs. 3,37,600) and the entire recurring expenditure (Rs. 68,800/- p.a.).

In view of the present financial stringency, the Capital cost of the Scheme

may be restricted to the amount of Rs. 3, 37,600 to be donated by the Provincial welfare Fund. and that the no. of beds may be kept at reduced to 25, ~~and~~ That the Govt may meet only the recurring expenditure (Rs 34,400 p.q.) required for the revised Scheme.

~~According to the revised Scheme the Govt. extra cost the Govt. will be only on account of recurring expenditure. estimated finance have agreed to this Suggesting proposal.~~

This Dept Suggests that necy. provision for the purpose may be included in the ~~budget~~ Annual Estimate of Expre for the year 1949-50 as shown in the Summary above.

Sir,

Sub: Tuberculosis Establishment of a Tuberculosis Sanatorium in South Kanara District- Part II Scheme for 1949-50.
Ref: Government Memo No.76045-G2/48 -4 P.H dated 3-12-1948.

The Revised Estimate in respect of the establishment of a Tuberculosis Sanatorium in South Kanara District is herewith submitted.

In the revised estimate the expenditure on administration Block, X-ray Block, Operation Theatre Block, Laboratory Block, Dispensary and Kitchen Block could not be reduced as these have to be built with the future development being kept in view. The reduction in the expenditure is made only towards the number of beds to be built starting one general ward of 18 beds and four special wards.

The water supply and drainage will be taken up only when the complete scheme for the development of the Sanatorium is accepted. Only a small provision is made for this purpose at the moment.

A statement showing the details of the staff required for a Tuberculosis Sanatorium of 25 beds together with the details of staff and their pay and allowances is also furnished in the Annexure.

Yours faithfully,

G.C.S.Naidu 9/12

RS.9-12 for Surgeon-General with the Govt.of Madras.

GOVERNMENT OF MADRAS.
Education and Public Health Department.
Memorandum No.56972/49-3 P.H. dated 21st March 1949.

Sub: Establishing a T.B. Hospital in 'Lal Bagh'.
Ref: From the Surgeon General Ref.No.92416-M1 dated 11th March 1949.

The Surgeon General is requested to state whether once a T.B. Hospital is established in 'Lal Bagh' there will be any necessity for the continuance of the provision at the Headquarters Hospital, Mangalore for the treatment of T.B. patients and if that is so whether the estimate of expenditure forwarded with the letter cited above should not be revised taking into account the saving which can be effected in this direction. He is also requested to consider and report ho the present proposal to open a T.B. Hospital in 'Lal Bagh' stands in relation to the proposal to establish a T.B. Hospital at Mudishetti with the aid of the donati offered by the Provincial Welfare Fund which is being considered as a Part II Scheme for 1949-50.

Dr. U. P. Mallya, M.L.A.,
President, South Kanara Branch of
the Provincial Welfare Fund,
Ramakrishna Nursing Home,
Car Street, Mangalore.

To
The Hon'ble Minister for Education,
Fort St. George.

Sir,

It has been approved by the Government to start a T.B. Sanatorium at Mudshedde in Mangalore this year, the non-recurring charges being met by the District Branch of the Provincial Welfare Fund and the recurring charges being borne by the Government. The District Branch of the Provincial Welfare Fund can lay hands immediately on about Rs.90,000/- and the balance amount required for the construction of the Sanatorium may be collected as donations briskly once the construction is started. May I, therefore, request you to be kind enough to grant us the necessary permission to start immediately the work on the buildings with the funds at our disposal?

Thanking you,

Yours faithfully,

Abstract.

PROCUREMENT - Paddy and Rice - South Kanara District - Penalty levied for late deliveries - Utilisation of the amount collected during the years 1944-45, 1945-46 and 1946-47 - Proposals of the Board of Revenue(Civil Supplies) - orders - Passed.

Food Department.

G.O.Ms.No. 678 Dated the 30th July, 1949.

Read:--

From the Board of Revenue(Civil Supplies)Ref.No. 2948-U.II/46 dated 8-4-47. (18.11.46 and 8.4.47)

From the Board of Revenue 87674-.UII/47 dated 22-6-47 22-11-47, 17-2-48, 24-5-48, 10-8-48, 23-9-48, 16-10-48, 13-11-48 and 22-2-49.

ORDER:

With a view to speed up procurement and accelerate deliveries of paddy and rice in South Kanara District, the Collector of South Kanara authorised the South Kanara District Central Cooperative Wholesale Stores to make short payments of Re.1/- less per mura of rice and ragi and annas eight per mura of paddy in respect of deliveries made by the ryots after the due dates notified by him during the fasli years 1944-45, 1945-46, and 1946-47. The Board of Revenue(Civil Supplies) has reported that a total amount of Rs.2,82,478-10-6 was collected on account of such short payments from 1944 upto the end of December 1947. Out of this, a sum of Rs.37,094-3-6 collected between 25-7-1947 and 31-12-1947 has been credited to the Government and the balance of Rs.2,46,385-7-0 is held in deposit with the Stores as shown below:--

Period.	Amount.
1. Fasli year 1944-45.	Rs. 67,883--0--0
2. Fasli year 1945-46.	Rs.1,27,050-15-0
3. From 1-7-46 to 24-7-47.	Rs. 51,643--8--0
Total.	Rs.2,46,385--7--0.

The Government direct that the entire sum of Rs.2,46,385-7-0 be taken over from the South Kanara District Central Cooperative Wholesale Stores immediately and credited to the Government. The Collector of South Kanara is requested to take necessary action at once and see that the amount is credited to the Government under the Head of Account "58.A. Capital Outlay on Provincial Schemes of State Trading-a. Grain supply schemes-3.4. Deduct - Receipts and Recoveries on Capital Account.".

2. The South Kanara District Food Committee in a resolution passed in the year 1947 recommended that the amount might be utilised for various purposes of public utility in South Kanara District, notably for the construction of a T.B.Hospital. The Government accept the recommendation in so far as it relates to the construction of a T.B.Hospital and direct that one half of the amount of Rs.2,46,385-7-0 ordered to be credited to the Government in paragraph 1 above namely, Rupees 1,23,192-11-6(Rupees one lakh and twenty three thousand and one hundred and ninety two, annas eleven and pies six only) be utilised for the construction of a T.B.Sanatorium in South Kanara District.

P.T.O.

REPORT ON THE T. B. SANATORIUM SCHEME OF THE SOUTH KANARA DISTRICT BRANCH OF THE MADRAS PROVINCIAL WELFARE FUND

Presented

On the occasion of the laying of the Foundation Stone of the T. B. Sanatorium at Moodushedde on 23-10-1949 at 9-15 a.m.

By

HON'BLE SRI P. S. KUMARASWAMY RAJA, M.L.A.,
Premier of Madras.

==:0:==

Honourable Premier, Sir and Friends,

"Service of Humanity is Service of God."

Fully agreeing with the ideals, aims and object of the Madras Provincial Welfare Fund a District Branch was organised with headquarters at Mangalore.

The appalling lack of medical relief facilities in this District was considered to be of primary importance and to that end our Committee was planning for the establishment of an up-to-date headquarters general hospital including a T. B. Sanatorium. But consequent upon the Madras Government's decision to improve the general Fospitals everywhere, we have now restricted our aim to the establishing of a much-needed Tuber-

culosis Sanatorium for this District.

It is a fact, sad as it is, that in our India, one precious human life is lost every minute, on account of the dreaded T.B. ~~incidence~~ and what is more unfortunate is that our District which seemingly looks so happy, prosperous and clean, is not at all an exception to the general average regarding the prevalence of T.B. Moreover there is enough medical evidence that this disease is on the increase in this District.

Our District Medical Officer has been repeatedly telling us that he has to refuse admission in the Wenlock Hospital practically daily to T.B. patients on account of lack of accommodation; so also in the Lady Goschen Hospital for Women. Almost every medical practitioner in this District knows of hundreds of patients suffering from this disease, many of whom are likely to be cured provided proper facilities for rest and treatment are available, but now on account of the lack of the same, are so to say, condemned to die.

There may exist a doubt whether with about 120 inches of rain annually in this District a Sanatorium will do any good to the T.B. patient. But we have it on the best authority of the Madras Government Tuberculosis Expert that the present theory is that the Sanatorium cure will be permanent if a patient is treated in a climate to which he is

accustomed and to which he has to return after cure. Even otherwise the removal of a patient to the Sanatorium will remove the possibility of injection to the people of his household and neighbours.

The starting of a Tuberculosis Sanatorium in this District is therefore urgent if the District is to be saved from the grip of this foul disease. And we are extremely grateful to our Government and to you Hon'ble Premier Sir for having approved a scheme sanctioning the establishment of a Sanatorium for our District.

About 250 acres of Government land here has been reserved for the Sanatorium and this area is sufficient to house 250 patients atleast. Out of an estimated capital cost of Rs3,90,000 for the Sanatorium buildings to start with, the Government would be contributing Rs2,20,000 besides incurring the annual recurring expenditure of about Rs40,000 in maintaining the Sanatorium. That means, that the general public has to contribute only a sum of Rs1,70,000. A Sanatorium at any cost was a necessity, but under these terms must be very easy of achievement, and it is hoped that the generous Public will soon donate the required amount and earn the gratitude of those unfortunate persons who are the victims of Tuberculosis for generations to come.

The Committee has decided that all donations

of Rs500 and more to the Building Fund should be acknowledged by putting up tablets in the Sanatorium building with the names of the subscribers inscribed thereon. Persons who subscribe Rs5,000 and above to the Fund will be the "Patrons," those who subscribe between Rs2,500 and Rs5,000 will be the Benefactors, and those who subscribe between Rs1,000 and Rs2,500 will be "Donors" while those who subscribe between Rs500 and Rs1,000 will be "sympathisers." Any special ward of one or more beds or any complete block of the Sanatorium buildings, contributed by any philanthropic person or institution will be named after the "Patron."

Out of one lac and seventy thousand rupees to be contributed through our Committee, we will pay Rs50,000 to the Government immediately a formal sanction which has already been applied for, is received by us from the Centre at Madras. We have on hand promises to the tune of Rs80,000 and we are hopeful that we will be able to collect the balance amount in no time, once the buildings are under construction as we can then show something concrete to our subscribers and make them feel that we mean business and are not merely theorising.

May we earnestly request you, therefore, Hon'ble Premier Sir, Hon'ble Minister Sir and the Government, that while we, on our part will do our utmost to fulfil our part of the obligations, expeditiously, the Government in view of the urgency and convenience, should start building

immediately, and such a step would also help us in collecting the necessary Funds early. We stand by our obligations - nay - God willing, we will collect much more than the agreed amount - we will collect enough to expand the Sanatorium to its full capacity of 250 beds, but Hon'ble Premier Sir, kindly please order the sanatorium scheme so kindly sanctioned by your government to be pushed forward without any delay whatever.

Being only junior-partners in this Sanatorium Scheme we have not yet ventured to suggest a name for this Sanatorium. But the South Kanara District Committee of the Gandhi National Memorial Fund has along with its recommendation to the Centre that all the amount available to this District from out of the said Fund should be utilised for this Sanatorium, has suggested that the Sanatorium may be named after Mahatma Gandhi. Honourable Sirs, it is with great pleasure that we invite the Government's attention to this suggestion.

We cannot conclude this report without recording our grateful thanks to Hon'ble Sri A. B. Shetty for all the interest that he has so kindly taken in getting our claims for the establishment of a T. B. Sanatorium recognised by the Government. We hope, however, we will be pardoned by him if we insist that, as a responsible and distinguished person of our District, apart from his being a Minister of our Government, he shares with us responsibilities in this matter in future also.

We therefore request him, to kindly request on our behalf Hon'ble the Premier, to lay the foundation stone of the Sanatorium to-day.

Thank you,

Moodashedde,
23-10-1949.

Secretary.

92/48 pp 1-4 Cf 13. 10. 48.

Part II Scheme - 1949-50 -
Establishment of a Tuberculosis
Sanatorium in South Kanara Dt.

In his letter on pages 1-4 Cf. the S. G. has submitted proposals for the establishment of a Tuberculosis Sanatorium ~~at Mudbidri~~ in South Kanara District.

2. The site on which the Sanatorium is proposed to be established is at Mudishetti about 6 miles from Mangalore Town and it is on the top of a hill covering over an area of 600 acres. The S. G. states that it is the best suited site for the purpose. He reports that this area belongs to Govt. and recommends that it may be made available for the proposed Sanatorium.

3. The S. G. proposes that ~~the~~ the T.B. Sanatorium may be opened with 50 beds to start with. The estimated cost of the scheme is Rs. 6,75,200 non-recurring and Rs. 68,800/- P.a. recurring. The Surgeon General states that the District Committee of the Madras Provincial Welfare Fund has agreed to meet half of the non-recurring expenditure on the Scheme, viz Rs. 3,37,600/-. The Govt. will have to meet the other half of the non-recurring expenditure viz Rs. 3,37,600 and the entire recurring expenditure

of Rs. 68,800/- P.a. The S.G. recommends that the Scheme may be generally approved by Govt. on condition that half the estimated capital cost is met by the Dt. Committee of the Prov. Welfare Fund. para 6, f 4 cf

4. The S.G. states that the Sanatorium will be constructed by the Dist. Committee and handed over to Govt. for being run as a Govt. institution. He recommends that this may be accepted. Manipal para 6, f 3 cf

5. It is reported that ~~there~~ is a large number of ~~TBs~~ persons belonging to South Kanara suffer from T.B. and that the existing accommodation in the Dt. Headquarters Hospital, Mangalore is very meagre. In the circumstances it is for orders whether the recommendations of the S.G. in paragraphs 2 to 4 above will be accepted. R para 1, f 1 cf

~~Revenue~~, P.W.D. and Finance may see for remarks.

TMB 19.X.48

Of the three schemes in the first Ward scheme One (Extension of bed-strength in the T.B. Sanatorium at Tambaram) is under execution. The next (increase of beds in the Perambur Sanatorium) is under consideration. The third one viz construction of T.B. Sanatorium at Waltair has not yet been submitted to Govt. The Govt have declined to give grants to the T.B. Sanatorium at Tanjore and deferred the opening of an institution at Coimbatore. In the present financial position

M

It is not likely that the Govt can provide funds for the present scheme. The scheme may be restricted to the amount which the Dt. committee can provide, but the Govt may meet the recurring cost which will be about [illegible] of the estimate (i.e. 34,400)

HM(PH)

JRK
6.1.49

ASST. SECRETARY TO GOVERNMENT
95
8 JAN 1949

The proposal for the construction of a Tuberculosis Sanatorium may have to be explained to the Standing Finance Committee on 11-1-49 when the part II scheme note at page 15 c.f. comes for consideration. The scheme may be pressed on the following grounds:

1) H.M.(Finance) and H.Pr. have agreed in circulation at page 4 N.F. to the recurring cost, on the presumption that the non-recurring cost will be met by the Dt. Branch of the Provincial Welfare Fund. This offer was in respect of half of the original estimate of Rs.6,75,200. The cost of construction is now estimated requires, that the offer should be supplemented by a contribution of Rs.53,200 by Govt. This is not a considerable amount, in view of the local contribution of Rs.3,37,600. It would be a pity if for want of this advance from Govt. the local contribution is lost.

2) A suitable site belonging to Govt. has already

been located and will therefore not involve any cost on account of the scheme.

3) The existing Civil Hospital is ~~not only~~ inadequate for the requirements of the district. The necessity therefore of a Sanatorium for tuberculosis cases is enhanced.

4) The position of the district at a remote corner of the Province deprives the local population of the advantages of existing Sanatoriums which are more accessible to other districts.

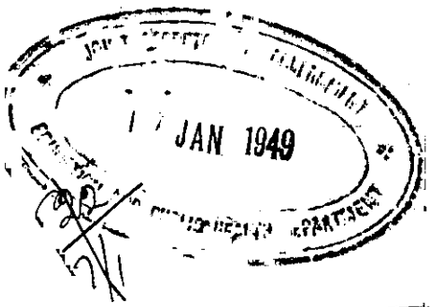
5) The S.G. reports of the preponderance of tuberculosis in this district.

6) In the budget year 1950-51 the non-recurring expenditure will be very much less than that estimated as it is not likely that the work of construction will be completed before the end of the year. This expenditure has been reduced from Rs.43,600 to Rs. 39,900 by the S.G. in accordance with the orders in circulation. It would be in order to reduce the expenditure further to a token amount of Rs.10,000 which is all that may be required to be spent in the budget year.

2. We might therefore press for a non-recurring expenditure of Rs.53,200 and a recurring expenditure of Rs.10,000 in the budget year.

3. The changes made consequent on the orders in circulation are shown in red ink on the note at flag (G).

17/1/49 H.M.(P.H) 17/1



The file may lie over till the decisions of S.F.C. on the Part II Schemes for 1949-50 are known.

18.1.49

18/1/49

18-1-49

E.P.H. (G1)

Provision has been made for the Scheme in the budget for 1949-50. A draft order accepting the offer of the Madras Provincial Welfare Fund is submitted below. ~~As regards Staff for the Sanatorium the S.G. may be asked to put up proposals on completion of the buildings.~~ There seems to be no need to sanction the staff even now, though provision has been made for it in the budget for the current year.

As the Govt. have to meet the additional recurring expenditure it is presumed that the plans and estimates have to be passed by the PWD. and constructed by them instead of by the M.P.W. Fund.

2/ Orders regarding the construction of the buildings may have to be issued in P.W.D. Before issuing orders, the S.G. may be asked to send detailed plans and estimates for the approval of Govt.

3/ P.W.D. and Finance may see.

ADDITIONAL DEPUTY SECRETARY 265-23 G2 21 APR 1949 FINANCE DEPARTMENT

Finance (Expr.C)

(Last seen in Finance on page 8 above).

Please see the further notes from page 8 above.

1 The cost of constructing and equipping the T.B.

Sanatorium as indicated in the Part II Scheme note is Rs 3,37,600 which is the donation offered by the Provincial Welfare Fund. The S.G. subsequently reported that the cost of constructing and equipping the sanatorium would be Rs 3,90,800/-. As it was too late to make any alterations in the Part II Scheme note, this department suggested that E.& P.H. might request the Minister concerned to suggest alterations at the meeting of the S.F.C. to be held for selection of Part II Schemes. E.& P.H. proposed that the extra expenditure of Rs 53,200 might be met by the Govt. and this might be pressed by at the meeting of the S.F.C. It is however observed that the S.F.C. has approved the scheme without any alterations - see items 205 on pp 132 and 137 of the Budget Memorandum for 1949-50. E.& P.H. may therefore be requested to ascertain from the Provincial Welfare Fund whether it is willing to bear the additional expenditure of Rs 53,200 involved in the construction of the Sanatorium.

29.4.49

A question to this point was also raised at the meeting — 29.4.49

From what the S.S. said in para 4 on Pt-2 file, it is doubtful whether the Distt. Committee will be able to find the additional Amount. There is however no harm in asking the Committee.

29.4.49

May be asked, though it is unlikely that the Committee will agree. They have always been urging that some expenses collected on rice transactions in the district should be earmarked for the hospital, though this has been consistently advising against it

[Issued as memo no. 76045/ho·99/(174)/69 dt 29.5.69] p. 1 f

Cno. 408435. From the Fy. Rep. letter no. 39299-Hlth. p
dt 23.6.69

The South Kanara Dist. Branch of the Madras Provincial Welfare Fund is willing to meet the additional non-recurring cost of Rs 53,200/- required for completing the Sanatorium. The draft below has ~~accordingly been modified~~ suitably been modified. It may issue after perusal by Sir.

JRK 30.6.69 With refce to 'H' on the pr. page, a proposal has since been received that the Committee would set apart 1½ lakhs out of excesses collected on rice transactions, for purposes of T.B. Sanatorium. Please put up that case and note further.

Yes
23/6

The file referred to is linked below. It has been suggested in that file that the South Kanara Central Co-operative Wholesale Store should pay the sum of Rs 1,23,152·11·6 to the South Kanara Branch of the M.P.W. Fund towards the Capital Cost of the Sanatorium. This amount will form part of the donation of Rs. 3,90,000 payable by the Govt. This may perhaps be indicated in the draft. It may issue as amended.

Who will do the construction of the Buildings after why should the donation be placed at our end?

JRK 4/5.7.69 Sir may see before issue

Yes
6/7

Sir
5/7

Secretary's Query on the previous page:

According to the original proposals of the Assn. and the Lg., the Sanatorium is to be Constructed by the Assn. & handed over to Govt. for management. The Capital Cost of the Sanatorium was then estimated at Rs 6,75,200. The Assn. wanted the Govt. to meet half the Capital Cost also. But the Govt. decided that the cost of construction of the Sanatorium should be restricted to the sum of Rs. 3,37,600 (½ x Rs 6,75,200) which the Assn was willing to incur. The Lg. was accordingly asked to submit revised proposals in the matter. According to the revised proposals the Capital Cost of the Sanatorium has increased to Rs. 3,90,800. The Govt. agreed to meet the addl expenditure of Rs. 53,200 (Rs 390,800 - Rs 3,37,600) As part of the expenditure has to be met from Govt. funds it was found necessary to proceed on the assumption that the Assn. should pay over the donation to Govt. The position now has slightly altered. The Assn. has ready cash ~~to the extent~~ of Rs 90000/. and written offers to the extent of Rs 80,000/.. Of the Mangalore Wholesale Co-operative Stores pay the Assn Rs. 1,23,192-11-6 as per letter of even date to the orders to be issued in the L.F., the Assn will then have a total sum of Rs. 2,93,192-11-6 and it has yet to collect Rs 97,607-4-6 only. From the letter of the President at p 41 of it is seen that the Assn. is prepared to meet the entire Capital Cost. It will therefore be open to the Assn to undertake the Constn. in accordance with approved plans & estimates & hand over the

building & post. on Completion, in which case the draft below may have to be Completely ~~alt~~ altered. But it has to be noted that the sum of Rs. 1.23 lakhs ordered to be paid by the Co-operative Stores strictly belongs to Govt. If this is viewed as a Govt. contribution for the scheme, then it is open to Govt. to have the buildings constructed by the P.W.D. Even if the entire ~~donation~~ cost is met ~~collected~~ by the Assn. there is no reason in P.W.D undertaking the work.

The case may be sent to P.W.D. for their remarks on this point

1. See P.W.D. note on p 10 a

JRK
7.7.49

(Secy's query at p12 ante and the subsequent notes above)

The entire sum of Rs 3,90,800 is looked upon as a donation from the fund. In such cases, the donor can himself construct the building unless he is willing to leave it to the Govt. to construct the building. — Vide the orders in G.O. 4331 Pub. d: 22-12-48. In the present case it would appear that the Assn is willing to do the construction itself. Vide the letter at p4/C.F.

With reference to 'N' above, however, the case seems to require some examination. P.W.D and Fin may be requested to advise.

PUBLIC WORKS DEPARTMENT

P.W.D.(C)

(Previous note of this Deptt., on p 10 ante.)

The file has been sent to this Deptt. with reference to N on p 14 ante. The question is whether P.W.D. should undertake the construction of the proposed T.B. Sanatorium at Mudisteede in South Kanara Dt. or whether the work should be allowed to be done by the M.P.W. Fund, which appears to be willing to meet ~~has agreed to donate~~ the entire capital cost. ~~the full amount required for the work~~. In view of what is stated at N on p 14 ante, it seems that in order to ~~safeguard Govt's interests~~ ensure the proper utilisation of the contribution of the Govt. and also with a view to have the building constructed according to the P.W.D. standards as in the case of other Govt. buildings, the work may be entrusted to the P.W.D. Attention is also invited to Condition (c) under Govt. Order 2 of Rs.6.433 P.H. Dt 22.12.48. at (M) and with these remarks the file may be passed on to Fin.

AGENDA. Procurement - Foodgrains - Penalty amounts collected during the years 1944-45, 1945-46 and 1946-47 due to late delivery of foodgrains by the South Kanara Central Stores, Ltd., in South Kanara district and the excess collections made by the producer cum Consumer Cooperative Societies in Ponnani Taluk in Malabar district due to the wrong fixation of prices by the Taluk Supply Officer, Ponnani - Utilisation of - Proposals.

ORDER:-- The following decisions were reached:--

(1) As regards the amounts collected in South Kanara District, it was

P.T.O.

decided that one half of the total, i.e., half of Rs.67,683/- plus Rs.1,78,702-7-0 be given as a grant towards capital expenditure on the T.B.Sanatorium in the district; and

(2) As regards the excess amounts collected by the Societies in the Ponnani Taluk of the Malabar District, the amounts should be realised from the Societies and utilised towards the construction of a bridge at the place.

Government of Madras.
Food Department.

NOTE FOR THE CABINET MEETING ON 22/6/1949.

The proposals in this Note relate to the utilisation of

(1) the accumulated amounts earned by the South Kanara Central Co-operative Wholesale Stores during fasli years 1944-45 to 1946-47 by way of short payments by the imposition of a cut of Re.1/- per mura of rice and eight annas per mura of paddy for late deliveries of foodgrains by the producers in the district of South Kanara,

and(2) the excess collections made by the Producers cum Consumer Co-operative Societies in Ponnani taluk of Malabar district during the year 1947-48 due to the wrong fixation of prices by the Taluk Supply Officer, Ponnani.

The facts relating to Items (1) and (2) above are briefly set out in paras 2 and 3 below:-

Para (2). South Kanara district. With a view to speed up procurement and accelerate deliveries of paddy and rice, the Collector of South Kanara authorised the South Kanara Central Co-operative Wholesale Stores to make short payments of Re.1/- less per mura of rice and annas eight per mura of paddy in respect of deliveries made by the ryots after the due dates notified by him during the fasli years 1944-45, 1945-46 and 1946-47. The short payments made during these years were as shown below:-

Item 1.	Fasli year 1944-45	..	67,683-0-0
Item 2.	Fasli years 1945-46 and 1946-47 and from 1-7-47 to 24-7-47.	..	1,78,702-7-0 *

* Revised figure showing actual collection.
The amount as originally estimated by the Collector Was Rs.250,000.

Item 1 above:- The Collector of South Kanara recommended and the Board endorsed the Collector's recommendation that the amount of Rs.67,683/- might be given to the South Kanara Central Co-operative Wholesale Stores as a set off against the loss of Rs.91,642-0-0 incurred by the Stores on the transport charges for the movement of stocks within the district. It was, however, decided in circulation that there was no case for the payment of the amount to the Stores. This Department, however, pressed for a reconsideration of the orders and suggested that the amount in question might be given to the Stores as an ex-gratia grant as was done in the case of the Triplicane Urban Co-operative ~~Stores~~Society. The Finance Department, however pointed out that the case of the South Kanara Co-operative Stores could not be treated as being analogous to that of the Triplicane ~~Bank~~ Urban Co-operative Society ~~Stores~~ as the services rendered by them related to ordinary rationing as distinct from war-time distribution maintained by the Triplicane Urban Co-operative Society. Subsequently, the Board of Revenue (Civil Supplies) itself withdrew its recommendation and suggested that the amount might be credited to the Government. In the circumstances definite orders were requested in circulation on this point on 2-2-48 and again on 23-2-48 but no orders have been passed on this point till now.

, Finance Department have since noted that the following points require prominent mention as arguments for crediting the amount in question to the Government:

(1) Although the Stores have incurred a loss of Rs.91,642-0-0 towards transport, they have gained a net profit of Rs.25,942-0-0 on their entire transactions for the year 1944-45.

(2) Under the present policy of the Government, Government help should be given only where a Co-operative Society has incurred a loss on the whole in a year and where the financial position of the society is such that help from the Government is necessary.

Item (2) above:-

The South Kanara District Food Committee in a resolution passed on 26-2-47 recommended that the amount of Rs.2,50,000-0-0 as originally estimated by the Collector in question might be utilised for the following purposes:-

(1) Rs.25,000 for supply of improved variety of paddy seed for agriculturists.

(2) Rs.75,000 for starting a cattle breeding station in the district.

(3) Rs.1,50,000 for opening a Tuberculosis Hospital in the district.

The Collector of South Kanara recommended the acceptance of the above proposals and the Board endorsed the Collector's recommendation.

The previous Hon'ble Minister for Food (Dr.T.S.S.Rajam) and Hon'ble Minister for Public Health (Sri.A.B.Shetty) also suggested that the amount in question should be utilised for some public utility concern. Development and Education and Public Health Departments also agreed to the proposals and suggested that the concerned Heads of Departments, Director of Veterinary Services and Director of Agriculture might be consulted in respect of items 1 and 2 above. As the Board reported that short payments for late deliveries of paddy and rice were being made in other districts also besides South Kanara, Finance Department considered that any discrimination shown in favour of South Kanara might create a sense of grievance in the other districts, that the savings accruing from such short payments were nothing compared to the huge sums spent by the Government on subsidies, transport etc. for the distribution of foodgrains in the deficit districts and that, if the Government agree to the present proposal in respect of South Kanara district this would lead to similar claims from other districts also. In these circumstances and, as the Board itself subsequently withdrew its original recommendation, Finance Department suggested that the accumulated amount of Rs.1,78,702-7-0 collected in South Kanara district might be credited to the Government.

Hon'ble Minister for Public Health (Sri.A.B.Shetty) ~~xxxxx~~ pressed for the acceptance of the proposals for the reasons stated in his minute extracted below:-

> I regret that the salient points in support of the proposal to utilise the rice penalty amount collected in South Kanara district for measures of public utility in that district have totally been ignored in the above discussions. They are:-
>
> (1) The penalty levied in South Kanara district was Re.1/- per mura of rice and annas eight per mura of paddy which is double the amount of penalty of annas eight per maund of rice and annas six per maund of paddy levied in other districts.

(2) Penalty at the above high rate was levied in South Kanara since the inception of procurement in that district in 1944, whereas this penalty was levied in other districts only from May 1947 and that too at the reduced rate of annas eight per maund of rice and annas six per maund of paddy. The Board reports that short payment on account of late deliveries of paddy and rice by producers was not made in other districts in the previous years.

(3) The amount proposed to be diverted for items of public utility in South Kanara relates to the savings for 1945-46 and 1946-47, whereas the amounts of penalty collected in other districts which have been credited to the general revenues pertain to the period from May 1947 onwards.

(4) As stated at 'X' on pp. 13-14 ante. the system followed in South Kanara was different ~~from~~ which ~~xx~~ has resulted in a saving of such a large amount of penalty, in that district.

(5) Even during the 5 months viz., May to September 1947 for which figures have been furnished by the Board, the penalty collected in South Kanara alone is Rs.2,564/- while the total amount collected in all the other districts during the period is only Rs.6,196/- This shows that the penalty was not strictly imposed in the other districts as it was done in South Kanara.

(6) As regards the point raised by Finance that Government have incurred expenditure in the supply of foodgrains, it should be remembered that the amount spent in South Kanara ~~district~~ on this account is not more than what has been spent in any other district especially because the Food Secretary has pointed out in another file recently that South Kanara is a self-sufficient district.

All the above facts show, without the least doubt, that the case of South Kanara is quite different from that of the other districts which calls for a special treatment. I have no objection to credit to the general revenues the amount of penalty collected in South Kanara after May 1947, as it has been done in the case of other districts. But there is no ground at all for following the same procedure in the case of the penalty amount collected in 1945-46 and 1946-47, when such penalty was levied only in South Kanara. The request of the District Food Committee, South Kanara is just and proper and should be complied with without any further delay.. Hon'ble Minister for Food may please see again".

A.B.S.
4/2/1948. "

Finance Department, however adhered to their original view that there was no case for the allotment of the accumulated amount exclusively for the benefit of South Kanara district and that it should be credited to the Government. Finance Secretary's views made in this connection are extracted below:-

" I do not think that we need go as far as the general principle, viz., the expenditure in a particular area is not correlated to the revenue derived from it or vice versa for administrative purposes, to come to the

conclusion that the present proposal should be negatived. Confining ourselves to the problem of food I think that the Food Department will agree that keeping the population fed during the last few years has been dealt with as a single provincial problem. For instance, in a heavily deficit district we did not charge to the people anything corresponding to the actual cost involved in maintaining supplies to the district, but we only charged a price corresponding to what it would have been, if supplies had come from the normal pre-war sources. Similarly, we did not allow the heavily surplus districts to derive the full advantage of their position, but required stocks to be sold to Government at specified prices. That being so, I do not think that the fact that in particular district the Government may not have spent as much on Civil Supplies as in other districts or the circumstance that in that district certain control measures may have been administered more strictly or for a longer period than in other districts can be urged as a reason for special treatment to that district so far as funds relating to food administration are concerned. There would be no end to the kinds of special claims that could be advanced, if we started enquiring whether we would not have spent more on certain food transactions in a district, if a procedure different from the one that was actually adopted had been followed. Food is a provincial problem and there should be no question of working out a balance sheet for each district or for any particular district. Finance must therefore adhere to the view that any schemes for the benefit of South Kanara district can be considered only on their own merits with reference to the general financial position of the Government and that the funds referred to in this file should not be treated as a "windfall" for which this district has some sort of a special claim".

T.N.S.R.
11/2/1948.

Hon'ble Minister for Food (Dr.Rajan) after discussing the matter with the previous Hon'ble Premier minuted that Hon'ble Premier did not accept the arguments of Hon'ble Minister for Public Health (Sri.A.B. Shetty) on the ground that such claims, if once allowed, would bring in any amount of consequent difficulties and embarassment to the Government and that he did not see any way except to credit the sum to the Government. But Hon'ble Minister for Public Health (Sri.A.B. Shetty) pressed for a reconsideration of the matter on the ground that the amount collected in South Kanara district was disproportionately larger than that collected in the other districts, that the rates of levy were also higher than what they were in other districts and that the people of the district would naturally feel that the amount which had been collected from them should be allowed to be utilised for some public purpose and should not be appropriated to public revenues. As ordered by the previous Hon'ble Premier particulars relating to the rates of levy and the amounts collected in each district were called for from the Collectors and submitted in a statement form, a copy of which is enclosed. It was observed from the statement that the total amount collected from South Kanara district alone from 1944 to the end of December 1947 was Rs.2,83,479-10-6 as against the total amount of Rs.98,261-11-10 collected for all the other districts. The entire amount of Rs.98,261-11-10 has been credited to the Government. Out of the amount of Rs.283,479-10-6 collected during 25-7-47 to 31-12-47 has been credited to the Government and the balance of Rs.246,385-7-0 is held in deposit with the Stores as per the details shown, pending a decision on the proposals discussed in this para.

		Rs.	A.	P.
1. Fasli year 1944-45 ...		67,683	0	0
2. Fasli year 1945-46 and from 1-7-46 to 24-7-47.		1,78,702-	7	0
	Total ...	2,46,385	7	0

Item (1) represents the amount proposed to be credited to the Government instead of allotting to the Stores to compensate the loss on account of transport charges. Item (2) represents the amount available for utilisation for public purpose in South Kanara district such as those mentioned at 'M' on pp. 2-3 ante, as against Rs. ~~2,50,0000~~ 2,50,000 originally estimated to be collected by the Collector. In view of the facts that all the amounts collected in ~~the~~ districts other than South Kanara have been credited to the Government, and, as a different method cannot in fairness be followed in South Kanara district, and as the expenditure on account of food subsidy has been growing enormously, it was again decided in circulation to Hon'ble Minister for Food (Dr.Rajan) and previous Hon'ble Premier that the amount in question should not be earmarked for public purposes but should be credited to the Government. The minute of Hon'ble Minister for Food in this connection is extracted below:-

" Since the precedent of taking these surplus amounts back to the Government account has been followed in all the other districts, we cannot in fairness adopt a different method in South Kanara. In view of the fact that the food subsidy and expenditure on food account are growing up enormously with regard to our budget provisions we cannot earmark this amount from South Kanara for any other purpose. Personally I feel it is only just and proper that the Government should take back this amount to the credit of Government and the proposal to make it a fund for Tuberculosis relief in South Kanara cannot be accepted. Besides the fund of that nature has to be collected from donors on that account only and not by taking away profits made by the sale of foodgeains which really belongs to the Food Administration and in the interests of general administration it must go back to Government. It may be some compensation to the heavy losses which the Government have got to bear on the Food account.

T.S.S.R.
28/2/49

O.P.R.
21/3/49.

Hon'ble Minister for Public Health (Sri.A.B.Shetty) thereon suggested that the matter might be placed before the Council of Ministers for consideration. This suggestion was approved by Hon'ble Minister for Food (Dr.Rajan), Hon'ble Minister for Finance and present Hon'ble Premier.

Para 3. Malabar District:-

A more or less identical case has come up to Government for consideration in Malabar district. The facts of the case are as follows:-

The Taluk Supply Officer, Ponnani had wrongly allowed an additional surcharge of 2 annas per maund in fixing the release price of imported rice received from 21-8-47 when the surcharge had already been included in the F.O.R. price. This ~~Thus~~ surcharge of 2 annas is intended to cover administrative charges and unforeseen losses in the transit of foodgrains. The Taluk Supply Officer had also wrongly allowed an additional surcharge of 2 rupees per maund of rice received after 6-12-~~47~~47 while the orders were to collect the additional surcharge of the stocks held on 6-12-47 only. This surcharge of Rs.2/- per maund represents the difference between the old prices and new prices which came into effect from 7-12-47. As a consequence, of this wrong fixation of prices the Producers cum Consumer Co-operative Societies in Ponnani taluk

have made a total excess collection of Rs.6,14,166-2-3.

As the Producer cum Consumer Co-operative Societies were not entitled to this excess collection realised from the card-holders who purchased their ration from the shops run by these Coeieties, the Collector of Malabar ordered in his proceedings dated 8-7-48 that the excess amount thus realised should be passed on to the consumers by depressing the retail selling prices of rice by two annas per Edangali in the ration shops run by the Producer cum Consumer Co-operative Societies for such period until the excess collections made by them are wiped out. On this the President, Nattika Producer cum consumer Co-operative Society submitted a telegram protesting against the procedure. The Collector of Malabar explaining the circumstances under which the excess collection had accrued as stated above suggested that the excess amount may be either passed on to the consumers or earmarked for public amenities viz., high school or hospital or improvemwnt in roads or utilised for payment of subsidy in the State Trading Schemes. He also stated that pending the receipt of orders he had kept in abeyance his proceedings dated 8-7-48 referred to above. The Board of Revenue (Civil Supplies) has, however, recommended that the excess amount should be credited to the Government. The Government accepted the Board's recommendation and also asked the Collector to take suitable action against the Taluk Supply Officer Ponnani for wrong fixation of price. The Producer cum consumer Co-operative Societies concerned protested against these orders and represented to the Government, that the excess amount should either be passed on to consumers by suitably reducing the retail prices or utilised for some public purpose and that the Government are not justified in appropriating the amount to themselves. Hon'ble Minister for Law (Sri. Madhava Menon) also has strongly expressed that it is not fair for the Government to appropriate the amount collected from the consumers by mistake and that in all fairness it should be utilised in the area concerned (Ponnani Taluk) for some public purpose, say, for the construction of a bridge. He wants the whole question to be re-examined for the reasons stated in his minutes extracted below:-

" I want a reconsideration of the whole matter. It is absolutely wrong and unfair for Government to take the excess money collected from the consumers. It must really be repaid to the consumers from whom it has been wrongfully collected. I feel it illegal also for the Government to "confiscate" the amount. The position is this:-

(1) By a wrong order of the Taluk Supply Officer, Ponnani, the 5 societies in question collected an excess sum of 2 annas a maund from the consumers by adding it on to the price.

(2) This was collected from 21-3-48 to 30-6-48.

(3) The excess amounts to a total of over 6 lakhs. It is not practicable to refund it to the consumer, they being in thousands. But that does not mean that Government can take it. So the money should be spent in that area for some public purpose. The societies are willing for that. They say that the money may be spent for a bridge there which would cost that amount. It may be done like that.

K.M.
30/3 "

The present case of Malabar is identical with the case referred to in item (2) in para 2 above relating to the utilisation of the late penalty amount of Rs.1,78,702-7-0 as in both

cases the accumulation of the funds was due to consumers being charged higher prices, though the collection of higher prices was authorised in respect of South Kanara but unauthorised in the case of Malabar. It has therefore been proposed with the concurrence of Development and Finance Departments and the approval in circulation to Hon'ble Minister for Food, Hon'ble Minister for Finance, Hon'ble Minister for Law and Hon'ble Premier to place this matter also before the Cabinet. Hon'ble Minister for Finance while agreeing to this, minuted as follows:-

" May be referred. Perhaps may be spent for local purposes".

B.G.R.
21/5/49 "

Para 4. Finance department have since noted that the the following points also may also be urged as an argument for crediting the amounts in question to the Government.

In respect of famine prevention measures taken by the Government in the year 1946 the Government have incurred a total expenditure of about Rs.3.494 crores and that the Government of India whom should have borne half of the expenditure have declined to meet their share of the expenditure and that the Provincial Government have to bear the extra liability of about Rs.1,747 crores.

Para 5. Orders of the Cabinet are therefore solicited on the following proposals:-

(1) whether the rice penalty amount of Rs.67,683/- collected in the South Kanara district during 1944-45 may be credited to the Government, instead of allotting it to the South Kanara Central Co-operative Stores to compensate the loss incurred by them on transport charges,

(2) whether the accumulated late penalty amount of Rs.1,78,702-7-0 collected in South Kanara district during the years 1945-46 and 1946-47 may be credited to the Government as recommended by the Finance Department and the previous Hon'ble Premier or whether it should be utilised for public purposes in the district as recommended by the South Kanara district Food Committee.

and (3) whether the excess amount of Rs.6,14,166-2-3 collected during 1947-48 by the Producer cum consumer Co-operative Socities in Ponnani taluk of Malabar district due to the wrong fixation of prices by the Taluk Supply Officer, Ponnani should be credited to the Government as recommended by the Board of Revenue (Civil Supplies)

or

whether the amount should be utilised for some public purpose such as the construction of a bridge in that place.

J.L.P. ROCHE VICTORIA,
15/6/49
MINISTER FOR FOOD.

Circulated to:

Copy of extract from file bearing C.No.30055-A/47.

The proposal relating to South Kanara dealt with in this file and the one relating to Malabar dealt with in a separate file were placed before the Cabinet at the meeting held on 22--6--1949. The Note submitted to the Cabinet is at pp.59-65 c.f. The case of South Kanara is set out in para 2 of that Note at pp. 59-63 c.f.

2. The Cabinet's decision is for perusal at p. 67 c.f. The order in respect of item (2) is being dealt with in a separate file. So far as this file is concerned, it will be seen from the order in respect of item (1) at p. 67 c.f. that the Government have decided that one half of the total amount of Rs.2,46,385 and 7 annas , (Rs.67,683 and 1,78,702-7-0) that is Rs.1,23,192-11-6 should be utilised for the construction of a T.B. Sanatorium in South Kanara District. It follows automatically that the remaining half viz., Rs. 1,23,192-11-6 should be credited to the Government For orders.

Subject to orders, a draft order embodying the Cabinet's decision is submitted below for approval. After issue of the order, the file may be sent to Education and Public Health for taking relevant extracts from the file for necessary further action with reference to para 2 of the order in so far as it relates to the proposals called for from the Collector of South Kanara regarding the utilisation of the sum of Rs.1,23,192-11-6 for the construction of a T.B.Sanatorium in the district.

The case may be sent to E.& P.H. and Finance Depts. for acceptance of the draft order.

Please see Food Dept. note above.

2. The construction of a Tuberculosis Sanatorium at Mudishedde (South Kanara District) is sponsored by the South Kanara branch of the Madras Provincial Welfare Fund. The capital cost of the Sanatorium is estimated at Rs.3,90,800. The idea is that the Association has to meet the entire capital cost and the Govt. meet the recurring expenditure. The Association has a sum of Rs.90,000 readily available. Written offers to the tune of Rs.80,000 are also said to be available. It hopes to collec the balance from donations in the district. The South Kanara Central Stores may be asked to pay the Association the sum of Rs.1,23,192-11-6 which in turn will be passed on to Govt. for the construction of the Sanatorium. A sentence may be added to para 2 as indicated in pencil. The last para of the draft may also be omitted.

Finance(P.W.R) Dept.

(Fin. last saw on pp. 22-25 above).

Please see item(1) of the Cabinet's decisions on p.67 c.f.

notes from p. 42 above.

The immediate action to be taken is to take over the entire sum of Rs.2,46,385-8-0 from the South Kanara District Central Cooperative Stores and credit it to Government as the Committee is no more entitled to keep it. Food may be requested to ask the Collector to take necessary action at once and see that the amount is credited to Government under '85.A.(Capital outlay on Provincial Schemes of State Trading-a.Grain Supply Schemes-B.4. Deduct - Receipts and Recoveries on Capital Account. | CSK. 20/7/49.

2. As regards payment of gran-t to the South Kanara Branch of the Madras Provincial Welfare Fund equal to one half of the above amount, ie.. Rs. 1,23,192-12-0, it is submitted that the question will arise only if it is decided that the work will be executed by that non-official body. The question whether the work is to be executed by the P.W.D. or by the non-official body is under separate consideration and P.W. have suggested there that the work should be entrusted to P.W.D. as it will ensure proper utilisation of Government's money of about Rs.1.23 lakhs and conformity of the new building to P.W.D.standards. If P.W.D. is to execute the work, it will not be necessary to hand over the grant to the South Kanara Branch of the Provincial Welfare Fund. Instead, all the donation that the non-official body has collected should be required to be credited to Govt. as P.W.D. will be the spending authority. Whichever agency is utilised for execution the ownership of the property will rest in Government absolutely.

3. In view of the above remarks, the pencil addition suggested by E.&.P.H. to para 2 of the draft order is unnecessary as also the next two sentences of the draft. All these may be omitted and in their place a new sentence may be added to the effect that instructions regarding the agency to be employed for the execution of the work and the method of utilising the grant will be issued separately by E.&.P.H. Department. PMN 21/7/49. Another sentence may be added to the draft with reference to para 1 on p. 44 above. | PMN 21/7/49

Food(A) Dept.

To A.S.

The Notes of E.& P.H. and Finance Depts. at pp. 43-45 above may be perused. With reference to the remarks of Fin. in para 3 of their notes at pp. 44-45 above, a revised draft order is submitted below for approval vide. Draft I below.

2. A copy of the G.O. may be sent to E.& P.H. Dept. for taking further action with reference to para 2 of the Note for Cabinet at X. in orig. an extrat of the Notes and orders from p. 42 above and a copy of the Cabinet's Order at p. 67 c.f.. Subject to orders, a draft U.O.Note is submitted - Draft II below.

ASSISTANT SECRETARY TO GOVERNMENT 54211 17 AUG 1949 FINANCE DEPARTMENT

P.H. from 76045/48-1651

19-8-49

—Finance (Exp.C) Department.

(Last Finance note on pp.15-16 above.)

The draft order below may be accepted, subject to the following remarks:-

(i) The draft order provides for the recovery of a contribution of Rs 1,23,192-11-6 by the South Kanara Central Co-operative Wholesale Stores towards the non-recurring cost of constructing a T.B.Sanatorium. This is not correct in view of the fact that the Stores have since become disentitled to the money with reference to the orders in G.O.678 Food, dated 30-7-1949. The Collector of South Kanara must have by now arranged for the credit of the amount to Provincial revenues. E & P.H. may therefore be requested to omit from the draft order all reference to the South Kanara Central Co-operative Wholesale Stores.

(ii) In such cases (similar to this) it is usual to stipulate that the T.B. Sanatorium after completion will become the absolute property of the Government and that the Government will be under no obligation to maintain the institution perpetually regardless of financial considerations. E & P.H. may be

requested to make suitable additions in paragraph 1 of the draft to this effect.

The case may be returned to E & P.H. through the P.W.D. epht
